

### WHAT IS HYDROTHERAPY?

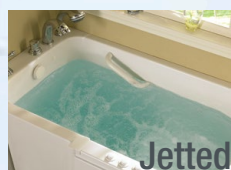

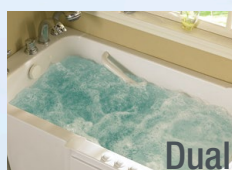

Hydrotherapy is the treatment of illness and injury through the use of water. Hydrotherapy treatments help your body get rid of toxins that may be causing joint pain and inflammation, help relax muscles, and help relieve pressure on joints and bones. It also relaxes you, both mentally and physically.

Hydrotherapy can help for:

- ❖ Arthritis
- ❖ Fibromyalgia
- ❖ Diabetes
- ❖ Lower Back Pain
- ❖ Sciatica
- ❖ Poor Circulation
- ❖ Leg, Arm, Wrist & Foot Pain
- ❖ Insomnia
- ❖ Headaches
- ❖ Mental Wellness

### REVITAJET® WHOLE BODY HYDROTHERAPY SYSTEM

Turn your tub into a spa with 44 strategically placed whirlpool and air massage jets. Features advanced back, wrist/hand and leg therapy, and unique legs-only deep-tissue massage.

#### JET MESSAGE SYSTEM

16 whirlpool jets for a deluxe Back Massage, Wrist/Hand & Arm Massage, and Legs-Only Massage for ultra leg, calf & foot massage

#### AIR BUBBLE MESSAGE SYSTEM

An all-over soothing, soft & gentle touch, full body massage experience with 28 air jets

#### CHROMATHERAPY

Chromatherapy uses the effect of colour to help boost relaxation and reduce tension, for a positive effect on health and mental well-being. The ComfortSeries™ features 7 LED light options

#### AROMATHERAPY

Stimulate your senses with the power of scent to trigger positive emotional well-being. The system automatically distributes your choice of fragrances while running the jet or air bubble massage system.
